R290 REFRIGERANT

DURABLE CONSTRUCTION

888-845-9800 beverage-air.com

DESIGNED FOR THE DAILY RUSH.

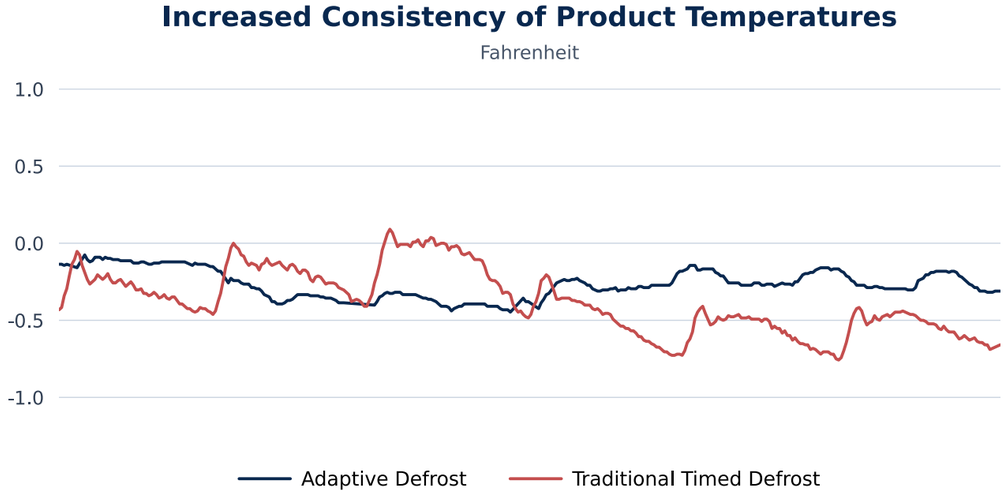
Built tough for the demands of a working kitchen.

- **Heavy-Duty Construction**
- **High-Ambient Performance**
- **Straightforward Controls**
- **Easy-to-See Storage**
- **Consistent Air Circulation**
- **Doors That Work With You**
- **Flexible Door Arrangement**
- **Simple Service & Maintenance**

SMARTER DEFROST. MORE CONSISTENT TEMPERATURES.

- Adaptive defrost reduces energy consumption by up to 15%.
- Helps maintain consistent product temperatures throughout the cabinet, even during defrost cycles.
- Reduces overall defrost time compared with traditional timed defrost.
- Designed for demanding high-ambient, high-humidity usage.

Increased Consistency of Product Temperatures



Example: 48 minutes across 4 adaptive cycles vs. 60 minutes across 3 traditional timed cycles.

7-YEAR WARRANTY

Parts, labor and compressor. Subject to warranty terms and eligibility.
