Notes & Details

Seat your guests in comfort and style with this Lancaster Table & Seating mahogany finish wood window back bar stool with black vinyl seat. This bar stool's sleek padded seat and stylish mahogany finish combine with its attractive wooden frame to instill a unique look in any location. Plus, since this bar stool's back is contoured for a customer's back, it will provide comfort while maintaining a distinct appearance. At an ideal height for both bar and raised table seating, this bar stool is a versatile option for any restaurant, bar, deli, or coffee shop.

This bar stool's European beechwood frame provides unmatched durability in your dining room. It can hold up to 350 lb. of weight thanks to the sturdy frame and supports under the seat. Beechwood stands up better to daily use and is able to better resist gouging and chipping compared to other types of wood. Additionally, the smooth surface on this bar stool provides a natural wood feel, while the elegant mahogany finish offers the ultimate in style.

This bar stool also features a window back design that's contoured to provide extra support to your customers' upper backs. Plus, this design gives it a unique visual appeal, making it perfect for both upscale and casual decor, as well as anything in between. The 2 1/2" thick black vinyl padded seat provides exceptional comfort for your guests, and it's also durable and easy to clean! It is made with fire-retardant foam for added safety.

The gold-plated footrest gives customers a place to rest their feet and helps keep the frame from getting scratched. Each leg comes with an integrated glide to protect your floors from scuffing. To save you the time and hassle of assembly, this bar stool is shipped fully assembled with the seat already attached.
