Material	Stainless Steel
Number of Compartments	1 Compartment
Number of Drainboards	2 Drainboards
Spout Type	Swing
Stainless Steel Type	Type 304
Type	Bar Sinks
Water Inlet Size	1/2 Inches

Notes & Details

This standard-duty Regency underbar sink includes (2) 13" drainboards for efficient washing and drying of your barware. They feature a grooved surface to help hold onto glasses as the excess water drains downward into the sink. The deep 10" sink bowl accommodates all types of barware, including pitchers and tall glasses. As an added convenience, the 3" high backsplash keeps your bar protected from splashes and overflow. A 2" drain and drain basket come included.

This sink features a durable 18-gauge, type 304 stainless steel construction along its top, bowl, and back and a 20-gauge, type 304 stainless steel apron. For maximum stability, it has 16-gauge galvanized steel legs with plastic bullet feet. The included chrome-plated brass faucet has (2) 1/2" NPS inlets, and it features an 8" swing spout with a 1.2 GPM aerator for a soft flow pattern with minimal splashing. Plus, it has a maximum water temperature of 140 degrees Fahrenheit. The cartridges feature a lower fail rate and a watertight seal to require fewer replacements.
