Material	Stainless Steel
Number of Compartments	4 Compartments
Number of Drainboards	2 Drainboards
Spout Type	Swing
Stainless Steel Type	Type 304
Type	Bar Sinks
Water Inlet Size	1/2 Inches

Notes & Details

This standard-duty Regency underbar sink includes 4 bowls, allowing 2 employees to work at the sink simultaneously. The deep 10" sink bowls accommodate all types of barware, including pitchers! As an added convenience, the 3" high backsplash keeps your bar protected from splashes and overflow. This model also includes (2) 13" drainboards for efficient washing and drying of your barware. The grooved surface helps hold onto glasses as the excess water drains downward into the sink. Four 2" drains and drain baskets come included.

This sink features a durable 18-gauge, type 304 stainless steel construction along its top, bowl, and back and a 20-gauge, type 304 stainless steel apron. For maximum stability, it has 16-gauge galvanized steel legs with plastic bullet feet. The 2 chrome-plated brass faucets each have (2) 1/2" NPS inlets, and they feature 8" swing spouts with 1.2 GPM aerators for a soft flow pattern with minimal splashing. Plus, they have a maximum water temperature of 140 degrees Fahrenheit. The cartridges feature a lower fail rate and a watertight seal to require fewer replacements.
