Quarter Size Countertop Convection Oven 120V

Description

Able to hold up to four, 1/4 size sheet pans, the Avantco CO-12 quarter size convection oven is a great way to make baked goods, pizzas, snacks, warm sandwiches and more right on your countertop! This oven boasts 1600 watts of heating power and forced-air heat circulation for even cooking and great results every time. Four adjustable chrome wire racks are included so you can begin baking right away! Plus, cooking temperature can be adjusted up to 450 degrees Fahrenheit, and a built-in timer lets you know when food is cooked to perfection for maximum ease of use.

This oven's interior and exterior are fully constructed of heavy duty stainless steel, and the cool-touch dual pane glass door window keeps heat in while preventing operator burns on the exterior side. The powerful convection fan is located at the rear of the unit for efficient heat and air distribution. The Avantco CO-12 requires a 120V electrical connection for operation and is CE and ETL Listed.

Features

- Holds (4) 1/4 size sheet pans at once
- Includes (4) chrome wire racks
- Cool-touch dual pane glass door window
- 1600W, 120V
- CE and ETL Listed
