CE

## Features

- 550 Watts, 110V
- (2) 5 gallon polycarbonate bowls
- Easy-to-clean stainless steel base
- Removable drip tray
- On/Off toggle switches

## Description

Keep a steady supply of chilled beverages on hand with the Avantco RBD52 double 5 gallon bowl premix cold beverage dispenser. Featuring an easy-to-clean stainless steel base, the large polycarbonate bowls offer a crystal-clear view of contents inside. Able to dispense two drink flavors, it's a great way to entice thirsty customers and boost sales on a hot day! The two piece stainless steel pouring valve makes it easy to dispense beverages, and a removable drip tray catches any accidental overflow or spills.

The Avantco RBD52 double 5 gallon bowl beverage dispenser uses R134A refrigerant to keep drinks cold all day long so you can serve refreshing beverages with confidence! It requires a 110V electrical connection for operation and is CE Listed.
