Horsepower	1/2

Construction

Exterior Material	430 series stainless steel
Interior Material	304 Series Stainless Steel
Insulation Material	Foamed in Place Polyurethane
Shelf Material	Plastic Coated Steel
Shelf Load Capacity	88 lbs.

Electrical

Voltage	115
Amps	9
Hz	60
Phase	1
Electrical Cord Length	84"

Keep commonly-used ingredients close by at all times with this Avantco TUC72R triple door undercounter refrigerator! This unit provides 20.9 cubic feet of refrigerated storage in a 72" wide footprint, and fits under any countertop with the required ventilation space. And since it comes mounted on casters (2 locking), you can easily roll it out for cleaning or routine maintenance.

A corrosion-resistant 304 stainless steel interior also makes it easy to clean and ensures you'll never be set back by spills, while three adjustable plastic coated steel shelves let you adapt to changing menu needs.

The rear and side-breathing refrigeration system is centered around a 1/2 hp compressor and foamed-in place polyurethane insulation to ensure efficient operation, and a top mounted cooling fan ensures even temperatures throughout the interior, even when the door is opened.
