Commercial Refrigeration Equipment General Specification

LUMAVUE SERIES—GLASS DOOR MERCHANDISER

Used for merchandising and storage of product.

CABINET CONSTRUCTION

Heavy duty construction includes white coated steel interior walls. Exterior finish is heavy-duty steel with a baked on durable coating. Choose from black or white finish.

Foamed-in-place CFC and HCFC-free polyurethane insulation enhances the structural strength of the cabinet and helps increase energy efficiency.

Modern, one-piece grille is easily removed for cleaning and servicing.

Double pane, lowE argon filled glass door features inside and outside panes that are tempered for added safety.

Self-closing, hinged glass door features recessed, pocket door handle provides low profile and is more aesthetically pleasing. Door provides automatic hold-open feature.

Five white epoxy coated steel shelves are standard.

Brightly lighted sign panel.

REFRIGERATION

Whisper-quiet refrigeration system uses R134a refrigerant, which is CFC and HCFC-free for compliance with environmental safety concerns.

Product temperatures from 32°F to 40°F.

ELECTRICAL

Interior fluorescent lighting enhances product illumination. Optional LED lighting provides hidden light source for increased product visibility. LED bulbs last up to 10 times longer compared to fluorescent bulbs and renders additional energy savings due to reduced wattage load on compressor.

Units wired at factory and ready for connection to a 115/60/1 phase, 15 amp dedicated outlet. 8' long cord and plug set included.
