

NEW! SIGNATURE

FROZEN BEVERAGE / DESSERT DISPENSER

FEATURES

Flexible – Broad capability to sell all the drinks consumers want; frozen beverages, shakes, smoothies, coffees/lattes, lemonade, frozen cocktails, etc.

High capacity refrigeration system – Sell more drinks with industry leading capacity to meet peak demand while maintaining drink quality and consistency

Setting accuracy – Unmatched store-to-store drink profile consistency with electronic controls versus electromechanical controls

Consistent drink profile – Viscosity torque sensing satisfies every customer with the right drink quality, encouraging repeat sales across all your locations

Dual dispense option – Expand menu offering by serving both frozen and chilled beverages from one machine

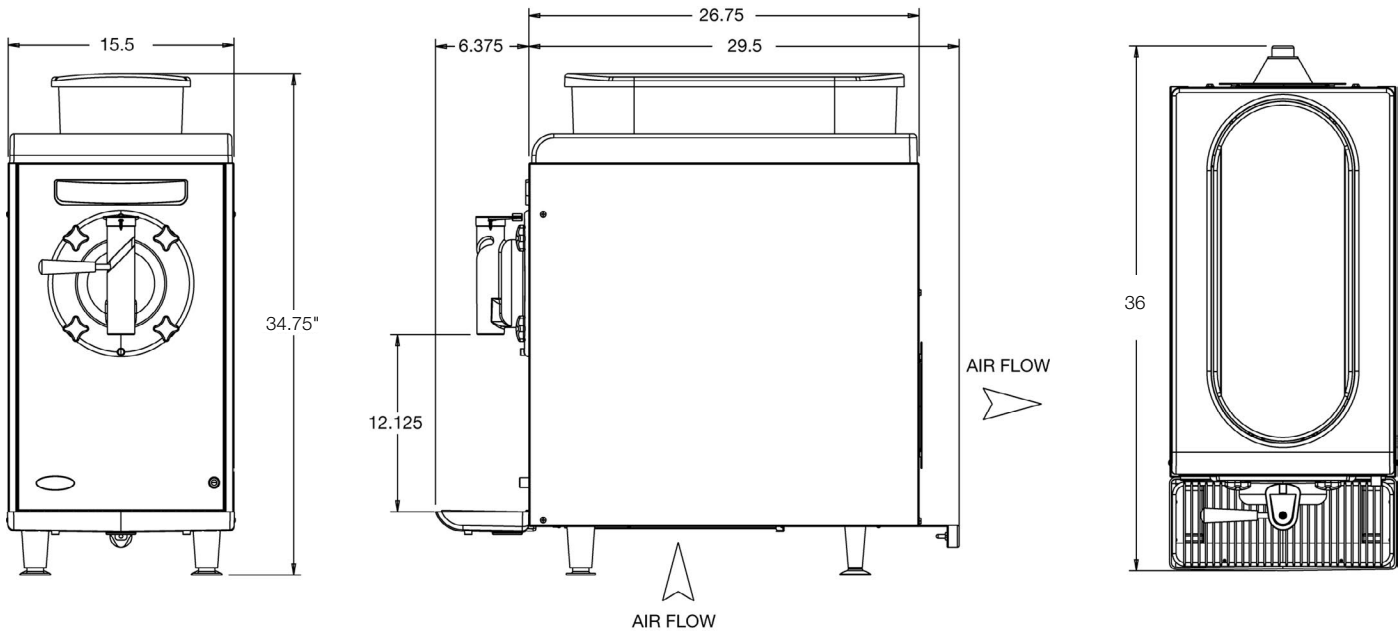

Small footprint – No side clearance requirement means equipment is easy to add to your current operation

Easy to clean – Up to 50% faster to clean with minimal small parts

Minimal waste – Waste reduced with visible hopper, auger, and refrigeration control design

Intuitive interface – Allows store operator to quickly make adjustments

Reduced PM schedule – No rear barrel seal and no side louvers
