

# PROOFING CABINET

## Non-Insulated

Model: □ PICA70-32-A

### Design Features

- "Cast-in" humidity system prevents element burnout from water spills and potential injury from accidental contact with exposed heating element
- Maintains uniform temperature and humidity throughout cabinet
- Temperature adjustable from 60°F(15.6°C) to 120°F (48.9°C)
- Self-draining feature collects excess moisture into a standard 18" x 26" bun pan (not included) below the base of the cabinet
- Removable heating module with separate controls for heat and humidity
- Extruded pan universal supports accept a variety of pans and screens

### Quality Construction

- Aluminum construction
- Full-length Lexan® door with heavy-duty hinges, positive closing latch and perimeter gasket
- Completely removable interior components for quick and easy cleaning
- Heavy-duty plate-type casters with 5" hard neoprene wheels, front two with brakes
- One piece, formed base with welded corners

### Options & Accessories

- Door hinging
- Corner bumpers
- Perimeter bumper
- Cord Guide/Protector
- Drip Trough

### Warranty & Certifications

#### Parts and Service Warranty

- Protected by BevLes 2 year parts and 1 year service warranty
