

PROOFER / HOT CABINET Insulated

Model: ☐ PICA70-MP17INS

Design Features

- Cast-in humidity system prevents element burnout from water spills and potential injury from accidental contact with exposed heating elements
- Self-draining feature collects excess moisture into a standard 18" x 26" bun pan (not included) below the base of the cabinet
- Removable heating module with separate controls for heat and humidity
- Maintains uniform temperature throughout cabinet
- Proof or hold with adjustable temperature from 80°F (27°C) to 180°F (82°C)
- Extruded universal pan supports accept a variety of pans and screens

Quality Construction

- Aluminum exterior and interior
- Dutch Lexan® doors with heavy-duty hinges, positive closing latch and complete perimeter gasket (solid doors also available)
- 1 1/2" thick fiberglass insulation throughout top, sides and back
- Completely removable interior components for quick and easy cleaning
- Heavy-duty plate-type casters with 5" hard neoprene wheels, front two with brakes

Options & Accessories

- Door hinging
- Corner bumpers
- Perimeter bumper
- Full Lexan® door
- Cord guide / protector
- Drip trough
- Aluminum Dutch doors
