KITCHENAID® PASTA ROLLER ATTACHMENT ADDS CONVENIENCE FOR MAKING FRESH, HOMEMADE PASTA

PASTA ROLLER ATTACHMENT — KPSA

Pasta dough is rolled through the adjustable Pasta Roller Attachment at setting 1 to knead and flatten. At higher settings, 2 to 8, the Pasta Roller further flattens the dough for a wide range of uses, such as thick for egg noodles, medium for lasagna noodles, and thin for angel hair pasta. An adjustable knob lets you change the distance between the rollers to knead and roll pasta to desired thickness. Instruction guide includes recipes and tips for exceptional pasta.

EASY TO USE

The KitchenAid® Stand Mixer powers the Pasta Roller Attachment, leaving both hands free to work with the pasta.

EASY TO CLEAN

A cleaning brush is provided to easily remove bits of flour and pasta from the attachment. The Pasta Roller should never be immersed in water or put into the dishwasher.

VERSATILE

KitchenAid® Stand Mixer Attachments are designed to work with all models of KitchenAid® Household Stand Mixers.
