CAYENNE® MEDIUM-DUTY CHARBROILERS

40730

Cayenne® Charbroiler

DESCRIPTION

Vollrath's Cayenne® charbroilers are built solid. Versatile grill plates feature narrower grill surfaces on one side, with integral channels specially designed to dispense excess fat, reducing smoke and flames. The flip side features flatter, wider grill surfaces, ideal for fish and other more delicate items. Angled adaptor bars enable the grill plates to be angled away from heat for slower cooking. This directs grease away to minimize flare-ups.

CLEARANCE AND POSITIONING

This appliance must be installed with a minimum clearance of 6" (15.2 cm) between the left, right and back sides, and any combustible surface. The supplied 4" (10.2 cm) legs must be installed and the unit placed on a non-combustible surface.
