Lighted Ice Carving Display, Chefstone, Round

Model: 1BLCS30

Lighted Ice Carving Display, Chefstone, Round
Lighted Ice Carving Display
Chefstone® Series

Buffet Enhancements Chefstone® Lighted Ice Carving Displays are the strongest in the industry. Capable of supporting large ice carvings up to 500 lbs. The reinforced Chefstone® base is extremely durable and will last a lifetime.

Brilliant fluorescent lighting in the display base illuminates ice carvings from beneath creating a magnificent glowing ice centerpiece.

All displays include a drain tube and crimp valve for easy ice melt disposal.

Optional acrylic ice tray and/or sneeze guard.

Available in all Chefstone® colors.

Size: 29x 9 in. / 74c m x 23 cm
