- Available in 15", 24", 36", and 48" models
- Shipped with L.P. orifice kit for field conversion
- One year parts and labor warranty

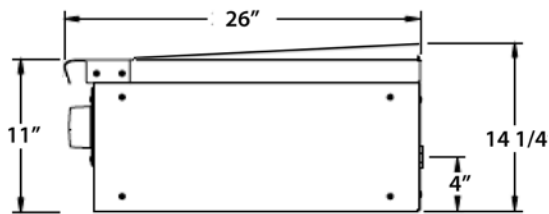

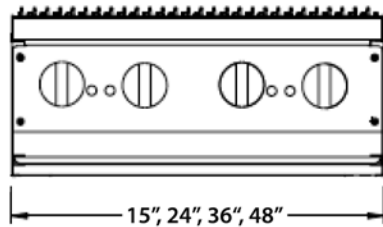

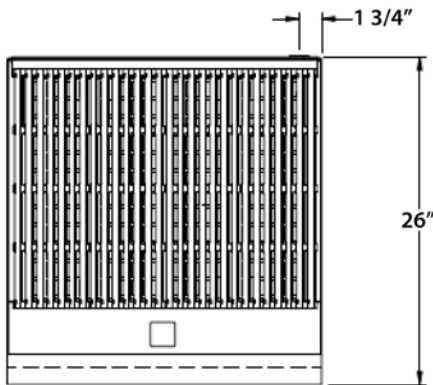

Heavy-Duty Lava Rock Broiler

The 38,000 BTU/hr "H" type burner is uniquely located for high performance cooking on entire broiling surface. Top grates may be adjusted to flat or sloped positions. The slanted broiler surface offers different cooking temperatures for broiling various meats at the same time. The sloped broiler surface also allows fat to flow into the stainless steel grease can, reducing flare-up.

Charbroilers - Lava Rock

PRODUCT SPECIFICATIONS

Construction:

CPG Broilers are made of heavy gauge steel with a chassis that is fully insulated to conserve energy.

Gas:

Manifold pressure 5.0" W.C. natural gas. 10.0" W.C. propane gas. Manifold size 3/4".
Shipped with orifice kit for field conversion.

CPG-EB-15C:
15" Lava Rock Broiler, 1 Burner, 38,000 BTU

CPG-EB-24C:
24" Lava Rock Broiler, 2 Burners, 76,000 BTU

CPG-EB-36C:
36" Lava Rock Broiler, 3 Burners, 114,000 BTU

CPG-EB-48C:
48" Lava Rock Broiler, 4 Burners, 152,000 BTU

Weight:

CPG-EB-15C: 135 Lbs

CPG-EB-24C: 142 Lbs

CPG-EB-36C: 215 Lbs

CPG-EB-48C: 290 Lbs

Freight Class: 85
