

2-Tier Hot Food Merchandisers

1220-2-3P, 1220-3-4P, 1220-4-5P, 1220-5-6P

Holds more food longer in less space! Ideal for cafeterias, delicatessens, markets, convenience stores, etc.

Model 1220-2-3P Shown with Standard Pan Racks (pans are optional)

Standard Features

- Merco's patented EZ-Insert® heat tubes in upper and middle levels
- Insulated heat cable in bottom level
- Individual, infinitely adjustable heat controls with pilot lights for each level
- Bright incandescent illumination with on/off switch
- Stainless steel and aluminum construction
- Adjustable 4-inch NSF legs
- Removable sliding glass doors on cook side
- Pan racks (pans optional)
- 6-foot cordset

Merco 2-Tier Hot Food Merchandisers allow you to offer a larger selection of food while using less of your valuable counter space. Heavy-duty stainless steel and aluminum alloy construction for long life and easy cleaning. Merco's patented EZ-Insert heat tubes in the upper levels are matched with the insulated heat cable in the bottom level to provide thorough, even heating without continued cooking or drying. Individual, infinitely adjustable heat controls for each level let you "dial-in" the precise temperature to keep any food at its peak flavor. Bright incandescent illumination is included in both upper and middle levels to enhance the appearance of prepared food. Removable sliding glass doors on cook side for easy access and pop-out glass panels are provided on front and end panels. Pan racks are standard equipment (pans optional). A 6-foot cordset is provided for easy installation.

Four standard models are available to match any foodservice requirement. Available options include self-service, slant and/or sled legs, heat shields and sign holders.

Electrical Requirements

All models available in 120, 120/208 or 120/240 VAC, single phase only (except 1220-5-6P not available in 120 VAC).
