DIRECTIONS FOR APPLYING IN SEWERS AND MANHOLE CAVITIES: Apply this product at a rate not to exceed 12 oz. per 190 sq. ft. using portable blowers or air pressure tanks.

DIRECTIONS FOR APPLYING AS A MOP SOLUTION TO CONTROL COCKROACHES; MIXING AND APPLICATION DIRECTIONS: Add 1 cup of this product to each gallon of rinse water. Apply to floor areas only. Make only enough for each application. Supplemental treatment only.
Reapply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Avoid contamination of feed and foodstuffs.

FOOD HANDLING ESTABLISHMENTS

Places other than private residences in which food or feed is held, processed, prepared, or served.

1. FOOD AREAS (INCLUDING SOME SERVING AREAS)

Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible, waste storage and enclosed processing systems (mills, dairies, edible oils, syrups).

FOOD SERVING AREAS

SERVING AREAS are facilities where food is served, such as dining rooms, but not where food is prepared or held. These areas are considered **FOOD AREAS** when food is exposed and the facility is in operation and for these areas follow the application directions in this section.

If food is not exposed and facility is not in operation, follow application directions under NON-FOOD SERVING AREAS below.

Use Restrictions: **FOOD AREA** application is limited **CRACK AND CREVICE TREATMENT ONLY**. Application to other areas are not permitted. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

Application Directions: Apply in small amounts directly into cracks and crevices using a bulbous duster or other suitable equipment capable of applying insecticides directly into cracks and crevices, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing, and electrical switch boxes where cockroaches hide.

2. NON FOOD AREAS:

Includes garbage rooms, lavatories, floor drains (to sewer), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

NONFOOD SERVING AREAS

SERVING AREAS are facilities where food is served, such as dining rooms, but not where food is prepared or held. These areas are considered **NONFOOD AREAS** when food is not exposed and the facility is not in operation. For these areas use the directions as follows: Application Direction: Apply as a spot treatment to selective surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. If food is exposed and the facility is in operation, follow application directions under **FOOD SERVING AREAS** above.

OTHER NONFOOD AREAS

Application Directions: Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

STORAGE AND DISPOSAL

STORAGE: Store this product in its original container in a dry, cool, secured area out of reach of children and pets. Do not contaminate water, foodstuffs, feed, or seed by storage or disposal.

PRODUCT DISPOSAL: As a responsible environmental practice, where possible, it is recommended that all of the contents of the container be used, carefully following label directions and precautions.

IF EMPTY: Do not reuse this container. Place in trash or offer for recycling if available.

IF PARTLY FILLED: Call your local waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

SPILL: In case of spill, sweep up and dispose of material according to IF PARTLY FILLED directions listed above.

KEEP OUT OF REACH OF CHILDREN

CAUTION

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

FIRST AID

IF SWALLOWED:	• Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow . Do not induce vomiting unless told to by a Poison Control Center or doctor . Do not give anything by mouth to an unconscious person.
IF IN EYES:	• Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	• Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a Poison Control Center or doctor for treatment advice.
IF INHALED:	• Move person to fresh air . If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a Poison Control Center or doctor for further treatment advice.

HAVE THIS PRODUCT CONTAINER OR LABEL WITH YOU WHEN CALLING A POISON CONTROL CENTER, OR DOCTOR, OR WHEN GOING FOR TREATMENT.
You may also call 1-800-858-7378 for emergency medical treatment advice.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through the skin. Causes eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product may be used in homes, restaurants, and other food and food handling establishments, markets, schools, warehouses, factories, offices, hotels, motels, hospitals, nursing homes, garages, grocery stores, apartment buildings, new construction, industrial plants, theaters, ships, boats, trains, trucks, yachts, camps, mobile homes, buses, zoos, kennels, military bases, libraries, utilities and sewers.

FOR HOMEOWNER USE

USE RESTRICTIONS: Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs. Do not treat pets with this product. Avoid contamination of ornamental plants.
APPLICATION DIRECTIONS: To control cockroaches, ants and silverfish, apply liberally scattering under and behind refrigerators, stoves, sinks, dishwashers, washing machine and dryer, tubs, into openings around drains, water pipes and electrical conduits, and in cracks and crevices along baseboards and corners of cabinets, cupboards, and closets. Remove all lower drawers in kitchen and bathroom cabinets, bedroom dressers and chests of drawers, then scatter liberally in drawer wells. Any powder visible after application must be brushed into cracks and crevices or removed. Reapply as necessary.

*AS AN AID IN CONTROL OF FLEAS

This product will control fleas when dusted over flooring (cement, wooden, tile, linoleum, etc.), along baseboards and in household areas (excluding carpeting, rugs and upholstery) where fleas have become a problem. Apply only when children and pets do not have access to treatment areas during application. Close off the treated areas for as long as possible. Do not allow children or pet reentry into treatment areas until all visible dust is swept into cracks and crevices or removed. After flea control is accomplished thoroughly vacuum the area. Treat flooring beneath and around pet's bedding and sleeping quarters in garages, porches, crawl spaces and in pet shelters. Repeat as needed to control fleas in these areas. For control of fleas on pets use an EPA approved product for such use on pets.

FOR COMMERCIAL USE NON-EDIBLE PRODUCT AREAS ONLY

USE RESTRICTIONS: Apply only in areas inaccessible to children and pets. Do not use in edible product areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.
DIRECTIONS FOR APPLYING IN NEW AND EXISTING CONSTRUCTION TO CONTROL COCKROACHES: When treating large areas, such as wall voids, soffit and subcabinet voids in new and existing construction, dust liberally using dusting application equipment.
