

# Triumph™ 1190 Extractor

Carpet extraction is easy with the reliable Triumph 1190.

*Triumph 1190*

There's a reason this unit is called a Triumph! Pacific's 16" self-contained extractor features an 11-gal. solution and 9-gal. recovery tank. A powerful three-stage vac motor produces 137" of waterlift for better water retrieval and faster drying time. A manual drop down brush helps propel

the unit for easier operation and less fatigue. The Triumph 1190 is a great mid-sized extractor that offers the features and value pricing you expect from Pacific's legendary extractors. You will see how this unit "Triumph's" over competition.

# Triumph™ 1190 Features & Benefits

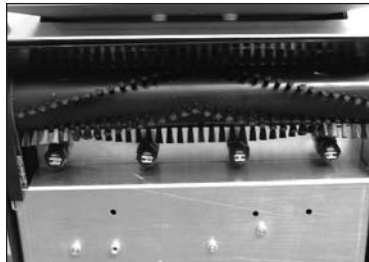

The Triumph 1190 conveniently accommodates up to a 5-gallon bucket for dumping of recovered water.

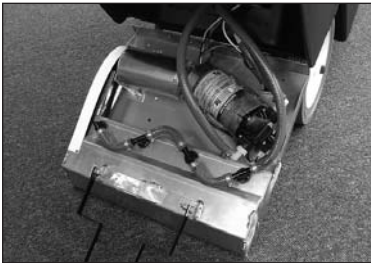

With an easy turn of a valve, the Triumph 1190 is ready to use in hard to reach areas with the off aisle wand or by using the hand tool for upholstery or draperies. The accessory tools are easily attached to the quick connect fitting.

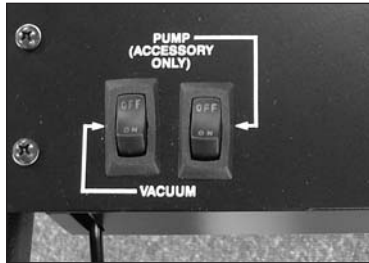

The Triumph 1190 comes standard with a floating brush. When put in storage mode, the brush lifts off of the floor, promoting long brush life.

The Triumph 1190 has four spray jets each with 100 psi ensure soil suspension for optimal recovery while it's chevron brush agitates the carpet fibers dislodging embedded soil.

The rotomold housing opens easily for servicing components such as the brush drive motor, belt, pump, etc.

Simple controls make operating the Triumph 1190 easy for first time operators, reducing training time. The machine is brush assisted to reduce operator fatigue.
