

APPEAL Display Shelving

Perfect for end caps or create your own Store-Within-A-Store.

- **Curve APPEAL:** The shelf's attractive, curved front edge draws customers' attention to the products displayed. The open wire design promotes light penetration and visibility of displayed items.
- **Increase Facings:** The curved front design increases shelf storage area by 12% versus a traditional rectangular shelf.
- **Versatile:** Metro APPEAL™ shelving can be combined with Metro's Super Erecta, qwikSLOT™, or Drop Mat Display shelving systems to create a proprietary display for your store.
- **Fast, Secure Assembly:** SiteSelect™ posts, with Triple-groove visual guide feature, have circular grooves at 1" (25mm) intervals and are numbered at 2" (50 mm) intervals. A patented, tapered split sleeve snaps together around each post. Tapered openings in the shelf corners slide over the tapered split sleeves and provide a positive lock. Shelving is assembled in minutes without the use of any special tools.
- **Adjustability:** Shelves can be adjusted at 1" (25 mm) intervals along the length of the post.
- **Finishes:** Metro's APPEAL™ shelving is available in a chrome-plated finish or black epoxy coating.
