Made from organically grown bamboo
Certified by IMO Switzerland

At bambu we have a deep respect and concern for the natural environment. It is the foundation the company is built on. Because we have a responsibility towards the protection of the environment, bambu pledges at least 1% of net sales to the preservation and restoration of the environment through our alliance with *One Percent For The Planet*.

bambu supports Fair Trade practices and works directly and continuously with the people who make our products.

Our manufacturing partners must meet our requirements for quality craftsmanship, environmental protection and fair labor practices. Independent auditing firms have inspected and endorsed our manufacturers for worker health and safety and environmental protection.
