

Thermostat Compatibility Chart

When Replacing a Thermostat

If your unit's current thermostat has the word "AMETEK" printed on the green board corner, order 351030208.

If your unit's current thermostat has the word "FAST" printed on the green board corner (351030169), order the new-style thermostat (351030208). You must also order a new temperature probe (351170069), as well as a new temperature dial sticker (351124365) and mounting bracket (351150756). The old-style thermostat (351030169) is discontinued.

When Replacing a Temperature Probe

Order 351170022 if your unit's current probe has a white cord. If 351170022 is unavailable, instead order the new retrofit probe (351170069), new thermostat (351030208), temperature dial (351124365), and mounting bracket (351150756).

Order 351170069 if your unit's current probe has a blue cord.

	Thermostat	Temperature Probe	Temperature Dial Sticker	Thermostat Mounting Bracket
New	351030208 AMETEK printed on green board corner	351170069 blue cord	351124365	351150756
Old	351030169 FAST printed on green board corner	351170022 white cord
