

KOKUHO® RICE First In Quality - First in Taste Since 1950

KOKUHO® Rice is premium California medium-grain rice, with a proud legacy that reaches back more than 70 years. In 1948 the California Rice Experiment Station developed Calrose, a medium-grain rice uniquely suited to California's growing conditions. It was Nomura & Company, in collaboration with Koda Farms, who first recognized the distinctive quality of the Calrose variety. They became champions for large-scale production, and developed national and international markets under the KOKUHO® brand. To this day, Nomura selects only the best Calrose for its renowned KOKUHO® Rice - from the beginning, unmatched for quality and taste. Often imitated, never equaled!

SAFE HANDLING: This is a raw grain product; cooking is required prior to eating. FDA recommends boiling at 212°F for 5 minutes. Leftover rice should be refrigerated immediately.
