DO NOT THAW IN REFRIGERATOR (*refrigeration will quickly dry out the rice*)

Microwave method:

Remove 4-6 pieces from the tray and place on a plate. Microwave on high power for 20 seconds. Turn pieces over and microwave on high for additional 20 seconds. If pieces are still partially frozen, continue microwaving on high in 15 seconds increments. Let pieces rest for 2 minutes. Rice should be slightly warm and center should be tender to the touch.

Room temperature method:

Take desired number of pieces out of the tray. Place on a plate, cover, and thaw for 2 hours.
