HANDLING & COOKING INSTRUCTIONS

Keep frozen or refrigerated. Cooking from frozen not recommended. Transfer from freezer to fridge for 48+ hrs. Do not thaw at room temp or in microwave. Use within 5–7 days of thawing. Once opened, use within 3 days. Refreezing not recommended. Meats can be roasted, baked, sautéed, grilled, deep fried, seared, braised, or poached. Our meats are lean and handle like lean conventional meat; guard against overcooking. Meats are naturally flavored, so just like with conventional meat, they are meant to be seasoned. No binders such as egg are needed. **PREPARED IN SAUCE:** Season the ground meat and saute on medium-high heat until meat is seared to an appetizing brown before adding to sauce/recipe. **LARGE SCALE:** Spread highly chilled plant-based meat onto an oiled sheet pan and brown in a 425°F convection oven for 5–7 mins or until internal temperature reaches 165°F. **IMPINGER OR CONVEYOR OVEN:** Place highly chilled, seasoned patties on oiled pan and brush top of patties with oil. Send through 400 °F impinger or conveyor oven set at an appropriate speed.
