**Allergen List**

The first column indicated the allergens that may be found in the product, either by addition or by cross contamination. The second column indicates the allergens that are present in other products that are run on the same equipment but at a different time, in the plant. The third column indicates whether any of those ingredients are present in the plant. Each square is answered with a YES or NO and, when applicable, the name of an ingredient.

| Components | Present in Product | Present in Other Products Manufactured on the Same Line | Present in the Same Manufacturing Plant |
|------------|--------------------|---|---|
|            |                    |   |   |

|   |    |     |     |
