Urinals
Laundry
Machinery
Tools
Printing presses
Concrete
Ceramic tiles
Appliances
Dumpsters
All metals
Paneling
Fiberglass

***Note: Pretest all plastic surfaces prior to use**

DESCRIPTION:

Orange Peel is an economical yet highly active natural citrus solvent based cleaner/degreaser. It may be safely used as directed on an array of hard surfaces, metals, carpets, fabric, and upholstery.

DIRECTIONS :

For General Cleaning and Deodorizing: Dilute 2 to 4 ounces of concentrate per gallon of warm water, then sponge or spray onto surface and allow to stand a few moments. Wipe clean with a fresh cloth or sponge.

For Machinery, Engines, Rubber Burns, Graffiti & Heavy Industrial Cleaning: Dilute 8 ounces of concentrate per gallon of warm water. Mop, spray, or sponge onto surface and allow the solution to stand at least five minutes. Scrub or brush thoroughly and rinse with clean water.

For Grease Traps: Add 8 ounces weekly to all drain openings and allow to stand at least 10 minutes before flushing.

For Toilets, Sinks, Urinals, Shower Stalls, Bathtubs, Chrome Fixtures, & Ceramic Tiles: Dilute 2 to 4 ounces of concentrate per gallon of water and apply to surfaces, allowing to stand a few moments. Rinse away all soap film and scale.

For Carpets, Rugs, Upholstery, & Fabrics: Dilute 6 to 8 ounces of concentrate per gallon of warm water. Apply with a sprayer or clean cloth. Do not over-wet. Gently work out gum, tar, grease, oil, etc, and blot dry with a clean cloth.

For Odor Control Around Dumpsters, Garbage Disposals, Septic Tanks, Sewage Plants, Kennels, etc.: Dilute 4 ounces of concentrate per gallon of water. Spray or mop onto the area to be treated and allow to stand. Around sewage treatment plants, apply by the drip method or by fogging.
