

POWER is a free-rinsing, chlorinated compound designed for use in all commercial dish washing and laundry machines with varied soil loads and water conditions.

INSTRUCTIONS FOR USE:

FOR DISH WASHING: For under counter dish machines: After filling machine with water, add 1 teaspoon of **POWER** at the beginning of each machine cycle. **For conveyor dish machines:** After the wash tank is filled, be sure to close the fill valve. Then sprinkle 4 oz. of **POWER** upon the screens over the wash tank for each 20 gallons of tank capacity. A little more may be necessary in very hard-water areas. Run the machine for a minute before starting to wash dishes. **FOR LAUNDRY RECLAIMING:** Add 8-16 oz. of **POWER** per 50# of machine capacity to hopper during the initial wash cycle water fill. **FOR INDUSTRIAL & INSTITUTIONAL USE ONLY.** Consult your Noble Chemical representative for specific use directions.

NOTE: Proper temperatures are important. Refer to equipment manufacturer manual for proper specifications.

AVOID CONTAMINATION OF FOOD.

DANGER

Hazard Statements:

- Causes severe skin burns and eye damage.

Precautionary Statements:

PREVENTION: Do not breathe dust/fumes/gas/mist/vapors/spray.

Wash face, hands, and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection.
