

DIRECTIONS FOR USE

1. Pour contents of one pack of **GRIDDLE KLEEN CHROME** evenly over hot (300-350°F) griddle surface.
2. Immediately spread **GRIDDLE KLEEN CHROME** over entire surface and scrub as needed.
3. Wipe or scrape into grease trap.
4. Turn off griddle and wait to cool.
5. Rinse surface and wipe clean with a thick, damp cloth.
6. To polish, use Noble Chemical Griddle Kleen Cleanser Polish Powder to restore grill's surface to its original shine.
7. Once cleaned, polished, and thoroughly rinsed, apply a thin coating of liquid shortening to prevent surface from rusting.
