

# Silva Block

## Solid Tableware Presoak

Net Contents: 7 lbs. - 2/CS

Silva Block Solid Tableware Presoak

**SILVA BLOCK** is designed to loosen, soften and soak away stubborn food soil from silver and stainless steel flatware. To de-tarnish silver, line soak pan with aluminum foil (silver must be in contact with the aluminum), and totally immerse silver in soaking solution. After de-tarnishing, remove silverware from solution and cycle through dishmachine prior to use. Consult your technically trained Noble Chemical representative for proper use dilutions.

**DIRECTIONS:**

1. Remove cap from disposable presoak capsule.
2. Place the capsule into the dispenser. DO NOT remove capsule until completely empty.
3. To remove empty capsule, lift it from the dispenser carefully and turn upright to avoid spills. Dispose of capsule immediately. DO NOT reuse.
4. Place new presoak capsule into dispenser.

**NOTE:** Dispenser will not activate unless a capsule is in unit. **DO NOT** use in conventional water-filled (reservoir) dispenser.

CASE - 147SILVABLK 2/7#

**DANGER**
