SUNBRIGHT lemon dish soap is a liquid detergent that leaves the skin smooth and soft, yet produces oceans of suds instantly that will cut through food and grease deposits faster than any other dishwashing detergent available. Makes dishes, glassware, and utensils sparkle without scrubbing or harsh chemicals, acid or alkali action.

DIRECTIONS: FOR DISHES, GLASSWARE AND UTENSILS: Use 2 ounce per sink full of water and permit water to run with force until sink is filled. Wash dishes, rinse and permit to air dry. It is not necessary to wipe as both dishes and glasses will dry to a spot free sparkle. Remove lipstick from glasses without effort. Will not affect head on beer. **FOR GREASY POTS AND PANS:** Cleans greasy pots and pans without effort. Use a tablespoon for each pan, fill with hot water, and let stand while other dishes are being washed. Then wash as usual.

CAUTION: KEEP OUT OF REACH OF CHILDREN. AVOID CONTACT WITH EYES. Repeated use over time may defat skin, leading to irritation. Wear rubber gloves when used repeatedly. DO NOT take internally. For professional use only. Consult Safety Data Sheet (SDS) for further information.

FIRST AID: EYE CONTACT: Immediately flush eyes with water. Seek medical attention if irritation persists. **INGESTION:** Drink large amounts of water. Do not induce vomiting. Seek medical attention.
