

NOBLE CHEMICAL COUNTRY BREEZE

Dry Deodorizer

This product represents yet another evolution in room deodorizers. This breakthrough formulation contains all of the performance one might expect from a dry-type air freshener- but with a twist. Excellent bloom and suspension time, ultra fine particles, no fall out, and no residues for use in textile applications are just some of the attributes. What is truly remarkable about the product is that it achieves the incredibly dry spray without using ozone depleters. In fact, this product contains less than 30% total VOC content!

A remarkable spray is not the only thing about this new formulation. Included is a premium fragrance made from only the best botanical fragrance oils to ensure superior olfactory notes and tones. But a fantastic fragrance is not the only premium feature you will find. Also included is not one, but two odor counteractants for maximum deodorizing power. The dual system quickly neutralizes malodors with industrial and institutional strength even on smoke, decay, urine, feces, solvent, vomit, cooking, animal, and more. Also featured is a new light-touch actuator for effortless pinpoint spray control. When used as directed, this advanced formula will effectively freshen without staining or leaving a residue. Although versatile enough to use virtually anywhere, suggested uses include freshening rooms, fabric, drapes, bedspreads, carpet, auto interiors and air conditioners, closets, lockers, chests, shoes, luggage, showers, and garbage receptacles in hotel rooms, restaurants, hospitals, apartments, schools, nurseries, fitness centers, animal clinics and nursing homes.

Directions:

To deodorize the air: Spray whenever odors are a problem or occur. Allow a few seconds for a super-fine mist to bloom.

To deodorize fabrics: Hold can 14 to 15 inches from surface and spray in a sweeping motion to obtain maximum penetration.

Caution:

Contents under pressure. Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 120 degrees Fahrenheit. **KEEP OUT OF REACH OF CHILDREN.**
