

# QUICK START GUIDE

## ONION BLOOMER

### MODELS

1810NBLOOM

### SAFETY INSTRUCTIONS

**CAUTION:**

Be careful when handling and operating the machine, as the blades are very sharp. Always keep your hands away from the blades.

### OPERATION

1. Place the unit on a clean, sturdy work surface.
2. Suction cup feet to the work surface.
3. Peel the onion(s) you are using.
4. Place the onion on the blade and pull the handle down.
5. Carefully remove the cut onion and repeat as needed.

### CLEANING

**NOTE:** Avoid using alkaline cleaners as they may dull the finish and cause pitting.

1. Remove the blade.
2. Wash the blade thoroughly.
3. Let parts air dry before reassembling.
4. Wipe down the rest of the machine as needed.
