WHO WE ARE

In 1953, Edward Creske founded Wausau Tile with a simple formula for success: quality and service. With Ed's unwavering commitment to quality and personalized customer service, Wausau Tile has forged lasting partnerships with many architects, designers and companies worldwide. Our company has never wavered from Ed's founding values which has ensured that the name Wausau Tile is synonymous with American craftsmanship, dependability and innovation.

Throughout the past six decades, Wausau Tile has grown to become the preeminent manufacturer of architectural concrete, terrazzo and metal products. We were the first American manufacturer of cementitious terrazzo tile and among the first domestic producers of hydraulically pressed concrete pavers. Today we are a leader in innovative sustainable manufacturing practices, using recycled materials and green technology, and our products are found in virtually every community in the United States.

Wausau Tile is the trusted choice for many of the world's leading designers, engineers and building professionals. Whether they're creating projects on Main Street U.S.A. or at iconic destinations such as Time Square or Cleveland Public Square, they choose to partner with our collaborative, creative and responsive team time and time again.

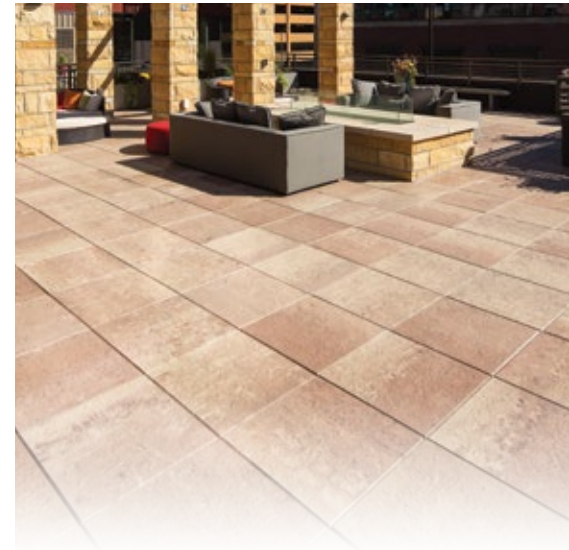

Our Town & WS5161 | A31 & Custom Acid Wash

OUR SITE FURNISHINGS

Instantly elevate outdoor spaces with Wausau Tile's full line of contemporary metal, plastic or concrete site furnishings, all made in the USA. Capture attention with bold benches, sleek tables, blooming planters and immovable bollards. Tie a project together with distinctive bike racks, snuffers and trash receptacles. Find the perfect centerpiece, add an elegant finishing touch or provide the inspiration for a one-of-a-kind custom design. Whatever your vision calls for, set your sights higher with stylish site furnishings from Wausau Tile.

OUR OTHER PRODUCTS

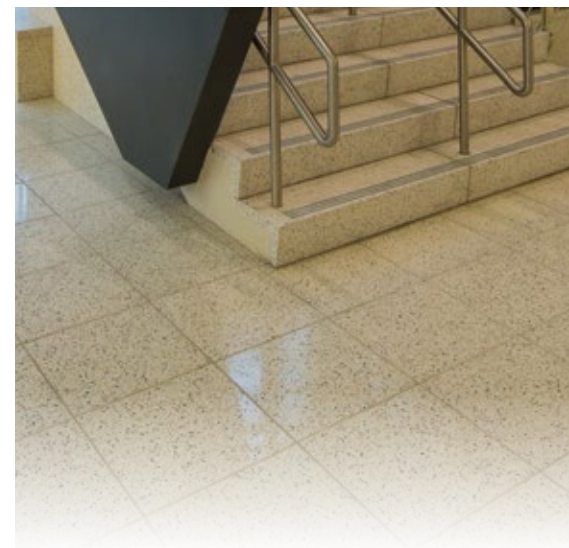

ARCHITECTURAL PAVERS

Choose from numerous colors, sizes, shapes and textures to find the right fit for your walkway, deck, pool area, rooftop and more. Keep pedestrians safe with detectable warning pavers or navigate the challenges of a pitched surface or rooftop with our pedestal system.

CUSTOM PRECAST CONCRETE

Concrete wall panels, columns, bases, retaining walls, piers, coping and balustrades are just a glimpse into our capabilities. The applications are endless – and no one has more experience at solving complex custom concrete design challenges like Wausau Tile.

CUSTOM PRECAST TERRAZZO

Precast terrazzo, sought after for everything from floors to countertops, wall treatments and stairs, is carefully crafted with a combination of cutting-edge technology and old-school attention to detail. For expansive, high-traffic buildings such as commercial campuses, airports and event centers, precast terrazzo treads and risers provide a smooth, uniform look from floor to floor.

TERRAZZO TILE

Terrazzo tile offers low-maintenance, sophisticated style built to withstand high traffic. Slab and countertop cuts create classy, contemporary surfaces for bathrooms and kitchens. And for schools and businesses looking to mark their grounds with logos and custom patterns, custom engraving and water-jet cut tiles leave unmistakable impressions.

CUSTOMIZATION

CUSTOM PRODUCTS

Whether you seek a bold, contemporary design or classic, timeless beauty, Wausau Tile's site furnishings will make your project unforgettable. Whether you choose benches and trash receptacles or planters and bollards, our endless list of products will invigorate any outdoor space you are looking to reinvent. Even with our vast array of styles, if your unique vision requires a truly one-of-a-kind product, the same skilled designers and craftsmen are eager to tailor solutions to your custom specifications.

CUSTOM COLORS

At Wausau Tile, we have a large selection of colors for you to choose from to fit any space. However, we know that sometimes our customers are looking for an exact color match to an existing piece or something extra special. With our free sample process, Wausau Tile offers you the ability to create custom colors from scratch or match an existing product. The quickest way to achieve a custom match is to provide us with a physical sample. If you can't offer us a sample, we can attempt to match by photo. If you are looking to create a custom color, provide us with a Benjamin Moore, Sherwin Williams or Pantone color and we will go to work.

WS4250 | 58 Beige Granite Plastic

METAL & PLASTIC

Wausau Tile has a vast array of shapes, sizes and configurations, or for a one-of-a-kind composition, collaborate with our skilled designers to create custom styles. Adding flowers, trees or greenery can breathe new life into your landscape.

TF4046 | Custom Plastic

TF4183 & TF4205 | Custom Colors

RESERVOIR SYSTEM

Wausau Tile's Reservoir System is an easy-to-install system that can be used in all planters 36" wide and bigger, and keeps your landscaping healthy and beautiful with minimal maintenance.

To find out more about our reservoir system, contact a representative today.

BENEFITS

- Available for planters 36" and larger
- Hidden pipe and wick system keeps plants hydrated
- Special drainage eliminates over watering
- Planters can be filled with mulch or soil
- Reduces evaporation

FEATURES

- Foam Insulation
- Wick System
- Over Flow Drain
- Reservoir Drain
- Reservoir Fill Pipe
- Drain Plugs
- Membrane
- Felt Disc

METAL

- WS506 24" SQ. X 20" 35 lbs.
