

About Your Product

You may find your product has a particular new item smell. This is completely normal and should disappear after 3 to 4 runs through the dishwasher or a few more washes in warm, soapy water.

Other suggestions are:

- Try separating the boards from each other when washing.
- Try using a lesser temperature.
- Evaluate the detergent used. No harsh detergents are necessary to clean Epicurean products.

Also, know that Epicurean's signature paper composite material is 100% Made in the USA.

If the odor does not dissipate, contact your representative.

Product Certifications

Epicurean's paper composite material holds these certifications:

- **NSF Certification.**
NSF guarantees products to be easily cleaned and safe for food contact. NSF is the organization that tests products to verify they meet public health and safety standards.
- **EU 10/2011 (EU 1935/2004).**
EU 10/2011 (EU 1935/2004) regulation sets safety requirements for materials intended to come in contact with food. Regulation ensures that food contact materials do not threaten human health, or change the composition, odor, or taste of the food product.
- **GREENGUARD Certification.**
When a product shows GREENGUARD certification, it indicates that the product has been tested and evaluated to meet stringent chemical emissions limits.
- **REACH Certification.**
REACH, which stands for Regulation, Evaluation, Authorization, and Restriction of Chemicals, is a regulation of the European Union. REACH collects and assesses information on the properties and hazards of substances. If substances do not comply, REACH bans these products in the EU.
- **FSC Certification.**
Forest Stewardship Council (FSC) ensures that products come from well-managed forests that provide environmental, social, and economic benefits.
