⚠ WARNING

Ice storage bin and icemaker installation should be performed only by qualified service personnel to reduce the risk of death, electric shock, serious injury, or fire.

Installation

1. Set up the ice storage bin as outlined in the ice storage bin instruction manual.
2. Remove the cover from the top of the ice storage bin. See Fig. 1. The cover is not needed in this application.
3. Place the top kit brace into position. The top kit brace's lower flange should contact the back of the opening. See Fig. 2.
4. See the ice storage bin and icemaker instruction manuals for further ice storage bin and icemaker installation/connection instructions.
