INSTRUCTIONS FOR USE
SUPER ERECTA PRO® SHELVING KIT

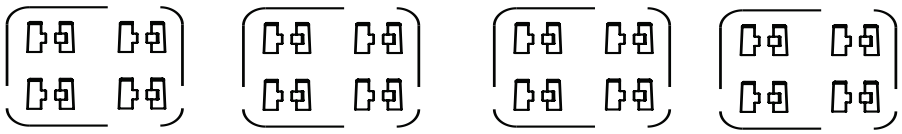

Save this document for application, load rating, and safety reference.

This shelving unit comes with stationary posts and is intended for stationary use.

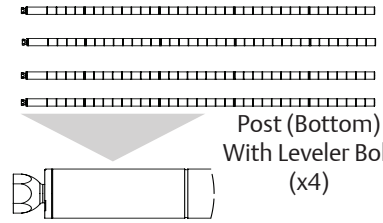

Parts List

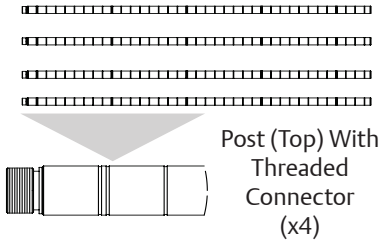

SE PRO Shelf (x4)

Split Sleeves 4 Bags
Note: Each Bag Contains (8) Sleeve Pieces

Post (Bottom) With Leveler Bolt (x4)

Post (Top) With Threaded Connector (x4)

⚠ CAUTION - Maximum Load Capacity

Load capacity per shelf (evenly distributed)	
Load Capacity	Shelf Length
800 lbs. (363 kg)	24 in. to 48 in. (610 mm to 1220 mm)
600 lbs. (272 kg)	54 in. (1370 mm) or longer

Load capacity per unit (evenly distributed)

Stationary units have a maximum load capacity (evenly distributed) of 2,000 lbs. (907 kg).

⚠ WARNING - TIPPING HAZARD

- Do not stand or climb on shelving.
- Place heavy objects on lowest shelf.
- Distribute weight as evenly as possible.
- Do not drop heavy objects on shelves or subject units to shock such as forklifts or dollies.
- Shelves should be assembled with a maximum spacing of 30 in. (76cm). Additional accessories (i.e. 3-sided double-snake frames) may be used in lieu of shelves to safely support the shelving unit.
- Place shelving on solid and level floors. Level the unit by adjusting the leveling feet.
- Install bottom shelf as low as possible.

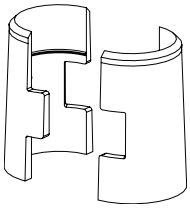

⚠ Failure to follow these instructions could result in personal injury or property damage.

Continuous Usage Temperature

Shelving should be used within a range of -20F to 120F (-29°C to 49°C).

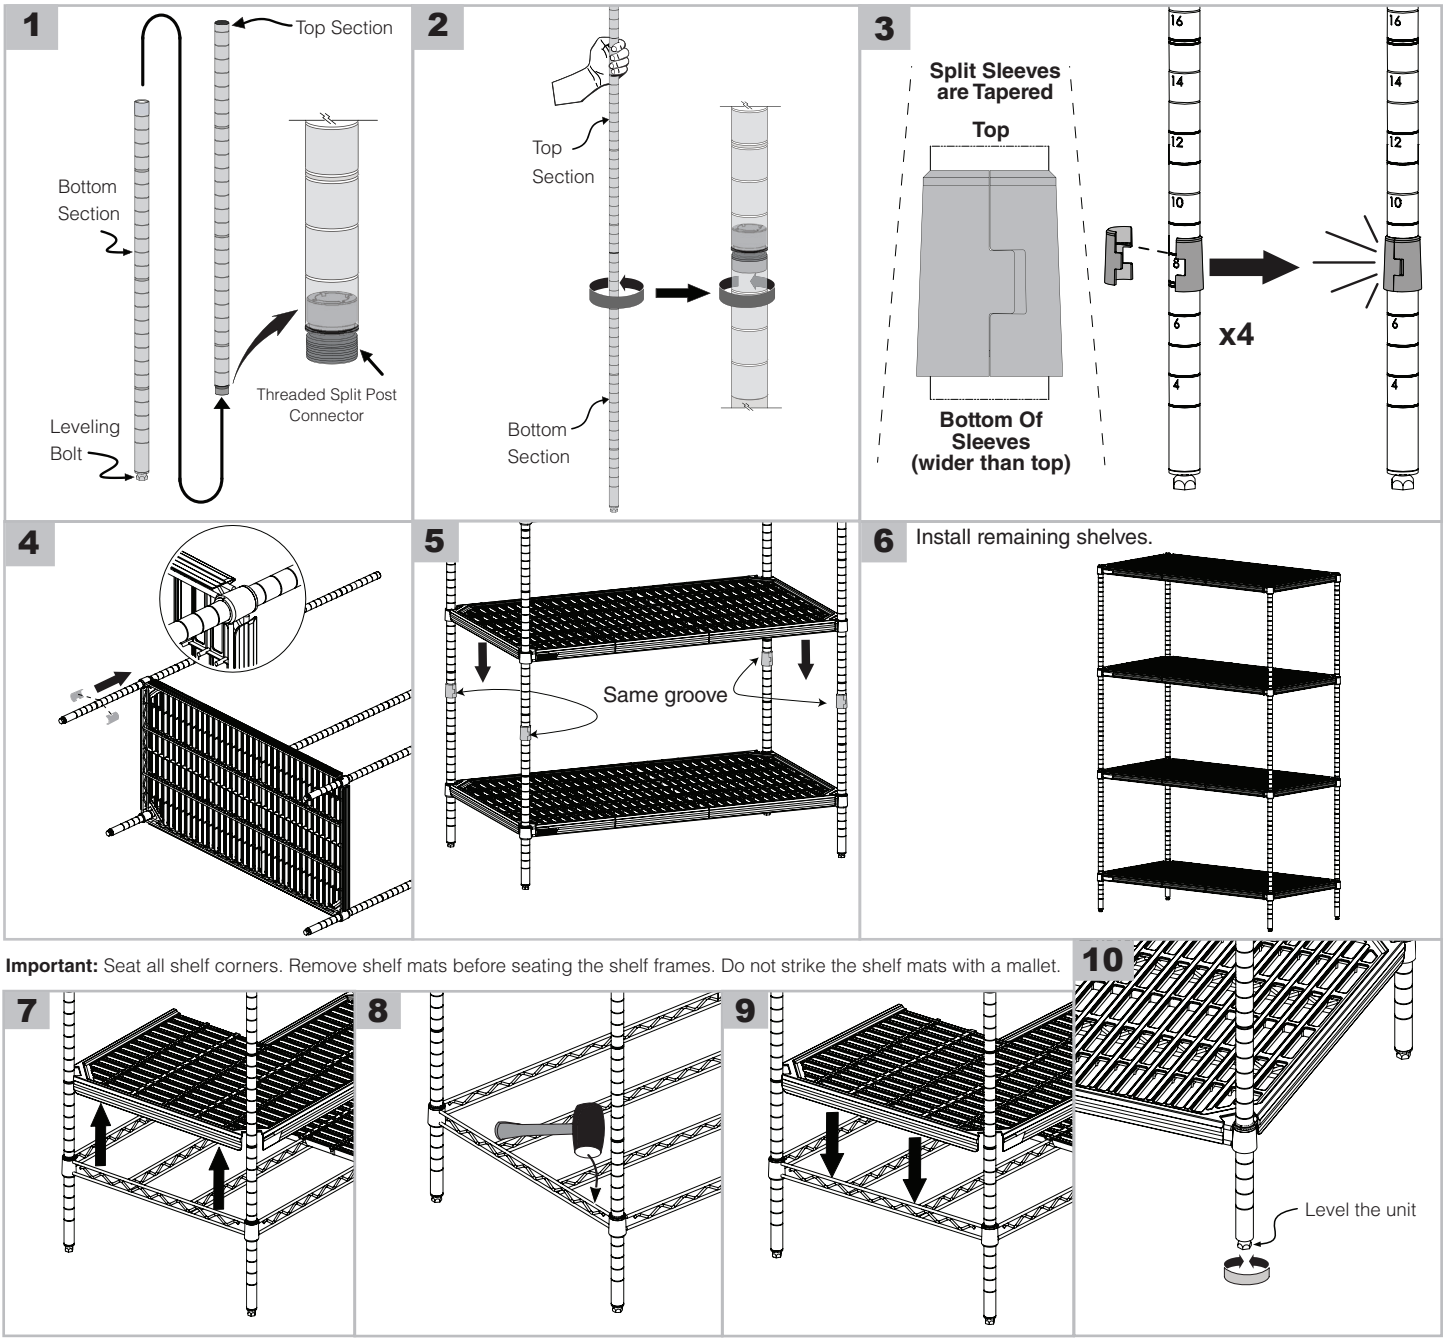

Replacement Parts

Split Sleeves:
Part # 9985,
