Albanese Manufacturing Date

Product UPC Code

The lot number is defined using the Albanese internal identification code. In this example, the lot number is **12013929**. The Manufacturing date is listed on the print along with the Julian code date in YDDD format.

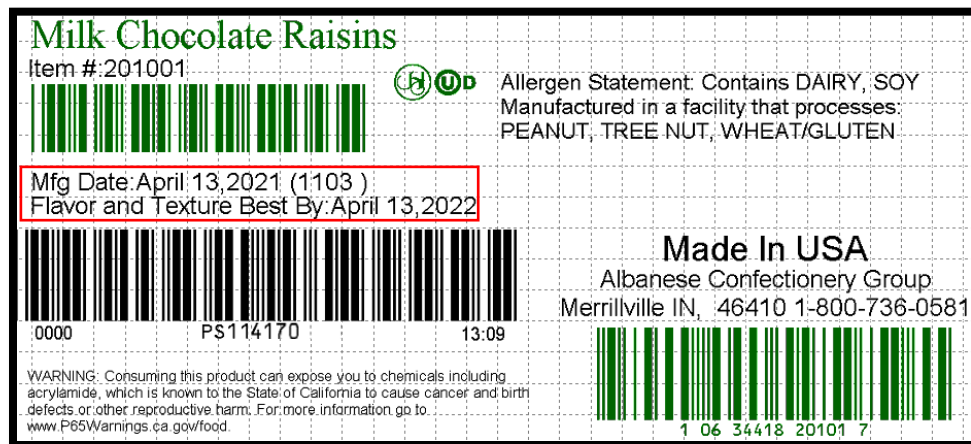

Gummi Case Print

- The manufacture date is reflected in Month DD, YYYY format followed by the Julian code date in the (YDDD) format.
- Lot code is an internal code dictated by our ERP system and is not interpretable.

Bulk Chocolate Case Print

- Albanese chocolate products are bulk items and the case label is not in a retail format. Product specifications are provided and contain ingredient and nutritional information.
- The date of manufacture is reflected in Month DD, YYYY format followed by the Julian code date in the (YDDD) format.
- Flavor and Texture Best By date is included on the case print.
