

# Sour Softener IV

Liquid Laundry Softener/Neutralizer

Net Contents: 2.5 Gallons - 2/CS

Sour Softener IV

**SOUR SOFTENER IV** is a liquid sour/softener that softens and fluffs all fabrics and contributes to "wrinkle free" results. SOUR SOFTENER IV eliminates static cling and reduces extractor time. The use of this product in the proper concentration neutralizes all residual alkalinity which is critical in nursing homes where soft, irritation-free garments and bed linens are needed. Safe for use with natural and synthetic fibers.

## DIRECTIONS

Use with automatic injector system. Carefully open container and insert sour/softener feed tube. Product is then dispensed automatically into the machine. Replace with a new container when empty. Consult your Noble Chemical representative for specific use directions.
