

Hobnail & Spanish Style

GLASSWARE

Hobnail: Hand blown into the iconic hobnail style inspired by Victorian design, the Acopa Hobnail collections lends an air of sophistication to your libations. Plus, the knobbed design not only adds textural interest but also promotes a better grip around the glass than smoother designs for enhanced customer experience.

Spanish Style: Featuring a simplistic yet timeless design, the Acopa Spanish Style collection's clean lines and low profile are characteristic of beverage glasses found in bars and restaurants throughout Spain.
