

HOW TO CARE FOR Melamine

To extend the life of your melamine dinnerware, try following these simple guidelines:

GENERAL CARE

- Do not use serrated knives on melamine products.
- Do not use melamine products in a conventional oven.
- Do not use melamine products in a microwave oven.
- Do not use under a heat lamp.
- Can withstand temperatures between -4 to 212°F.

WASHING

All Acopa melamine products are 100% dishwasher safe.

Remove food from item as soon as possible to avoid staining.

For safe scrubbing, use a light-duty scrubbing pad.

Periodically pre-soak your melamine before dishwashing using a high-quality pre-soak detergent.

Do not use chlorine bleach while cleaning melamine products.

Do not use harsh abrasive cleaners, steel wool, or metal scouring pads. These can leave scratching marks.
