# ADD-A-LEVEL™ ASSEMBLY INSTRUCTIONS

Components:
(2) 2'x3' Platform
- ● Stackers - (4)
- ⬡ Rubber feet - (4)
(2) 2'x4' Platform
- ● Stackers - (4)
- ⬡ Rubber feet - (6)

(2) 2'x5.5' Platform
- ● Stackers - (4)
- ⬡ Rubber feet - (8)

(2) 2'x8' Platform
- ● Stackers - (4)
- ⬡ Rubber feet - (11)

(2) 3'x3' Platform
- ● Stackers - (4)
- ⬡ Rubber feet - (5)
(2) 3'x5.5' Platform
- ● Stackers - (4)
- ⬡ Rubber feet - (8)

(2) 3'x8' Platform
- ● Stackers - (8)
- ⬡ Rubber feet - (11)
Oil all sockets before assembly

Base Unit

RUBBER FOOT

Step 1
Invert platform and insert rubber feet.
Note: Item may ship pre-assembled.
Add-on Unit

Note:
Larger platforms should be disassembled before moving. Proper lubrication of the sockets during assembly dramatically helps during disassembly. Separate panels equally by pulling apart the panels in small increments at the stackers until they are free.

STACKER

Step 1
Set completed base unit upright and insert stackers in sockets as shown.

STACKER

PLATFORM

RUBBER FOOT

Step 2
Align upper-level platform and lower-level stackers. Push upper platform all the way down over stackers. Repeat steps for mutli-level configurations.
ADD-A-LEVEL™ w/ PolyClip Instructions

Step 1
Position clip on outside edge and inside rib as shown. Use at least two clips per panel joint.

Step 2
Align Platform A and set down on clip using the outside edge and inside rib.

Platform "A"

CLIP

# Optional Anti-Fatigue Matting ASSEMBLY INSTRUCTIONS

Components:

2'x3' Mat   **2'x3' Mat without border**
Requires (4) Mat plugs

Positioning of
• Mat plugs

2'x4' Mat   **2'x4' Mat without border**
Requires (4) Mat plugs

2'x5.5' Mat   **2'x5.5' Mat without border**
Requires (4) Mat plugs

2'x8' Mat   Requires (6) Mat plugs

2'x8' Mat without border

3'x3' Mat   **3'x3' Mat without border**
Requires (4) Mat plugs

If mat hangs over, turn mat 90 degrees for proper fit. (Only for 3'x3' mats.)
3'x5.5' Mat   Requires (6) Mat plugs
3'x5.5' Mat without border

3'x8' Mat   Requires (6) Mat plugs

3'x8' Mat without border

Mat plugs ———
Mat ———

**Mat with border**

Mat plugs ———
Mat ———

Mat without border

Mat

Align mat with platform and insert mat plugs through the holes in the mat approximately **4 holes by 4 holes from the corners**. Push plugs all the way down as shown, until the plugs are flush with the mat surface and locked into the grid of panel.

For the border mats insert the plugs approximately **3 holes by 3 holes from the corners**.
