

b&p Bulk Delivery Carts

B&P Bulk Delivery Carts are fully customizable with a wide range of deck sizes, handle options, and caster configurations to choose from.

Made in the USA!

Bulk Delivery Carts Features

General Information

- **One-piece** formed deck eliminates separation of the top from side channel, inherent to some welded deck designs.
- **Heat-treated**, welded handles for exceptional strength and longevity.
- **Removable** back and handles for easy storage. Reassembly is quick and easy.
- **Tilt design** pivots on center casters for easier maneuvering in tight places.
- **Full width** caster plates eliminates the risk of casters breaking off.
- **Support stringers** run under the caster plates, the full length of the cart.
- **Corner Pockets** are fully welded inside as well as outside to prevent them from breaking loose.
- **Standard** 18" decking unless otherwise noted.
- **Standard** 8" x 2" urethane center wheels with (4) 6" x 2" TPR square tread swivel corner casters.
- **Capacity:** 1,200 lb
- **Industry Leading 3 Year Warranty!**

Junior Bulk Delivery Cart (FHE-16)

- **Slightly** narrower, 16" width.
- **Same** heavy duty construction in a more compact, lighter weight design.
- **Optional** second handle and carrier plate. See *accessories*.

Lattice Back Bulk Delivery Cart (FHE-19)

- **Angled deck** to help keep product leaning towards the back.
- **Lattice back** keeps product from falling off the cart during loading and unloading product.
- **Clipboard** holder on one end with spring clip for loose papers.

See back for our selection of accessories!

**Universal
Bulk Delivery Cart**
(FHM-1)

- **Allows** 2 carts to sit side by side on walkie riders or forklift.
- **Square** pocket design allows for interchangeability with some competitor models.

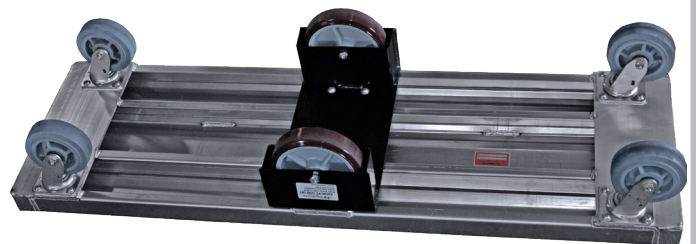

**Warehouse
Bulk Delivery Cart**
(FHE-2460-217-HD10-CB-SH)

- **Wider 24"** decking in the same heavy duty construction.
- **Two** square top handles with two crossbars and one vertical strap.
- **Optional** shelf and center brake. See accessories.

**Walkie Rider
Bulk Delivery Cart**
(FHE-6)

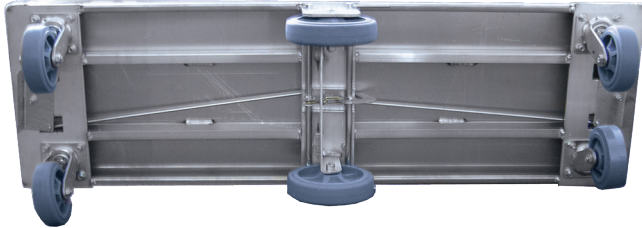

- **Steel** under structure to protect center wheels from forks when lifting.
- **Allows** 2 carts to sit side by side on walkie riders or forklifts.
- **Requires** only 7" between forks

Bottom View

Accessories

Brake System (2025-163, -CB)

- **Can be** applied from all sides for added convenience.
- **Locks** wheels to prevent movement while loading/unloading, during transport, and while on lift gate.
- **Add (-CB)** to the end of your part number.
Ex: FHE:1860-204-HD10-CB
- **Not available on Junior Bulk Delivery Carts**

Keg Hauler (KEG-1)

- **Hand slots** make for easy and fast installation.
- **Safety tabs** keep the KEG-1 securely in place.
- **Unique base** captures any debris, condensation, or leakage from getting onto the customer's floors.
- **Requires** 60" cart
- **Formed** to fit standard U.S. half barrels and allows the driver to carry up to 6 barrels safely.

18" Shelf (2025-163, -SH)

- **Safety Pin** helps secure shelf to cart.
- **Requires** 60" cart
- **Capacity:** 200 lb
- **Add (-SH)** to the end of your part number
Ex: FHE:1860-204-HD10-SH

Carrier Plate (2025-302)

- **Allows** storage and transportation in most hand truck carriers.

Containment Curtain (2025-503)

- **Shelters** merchandise from the elements.
- **Helps** keep items from sliding during transport.
- **Requires** handle buttons.
