

FIND THE PERFECT SIZED BAKING CUP

HOW TO MEASURE TO ENSURE A PROPER MATCH BETWEEN BAKING PAPER AND BAKING PAN

TO DETERMINE ACCURATE MEASUREMENT FOR YOUR BAKING CUP, MEASURE:

1 OVERALL DIAMETER

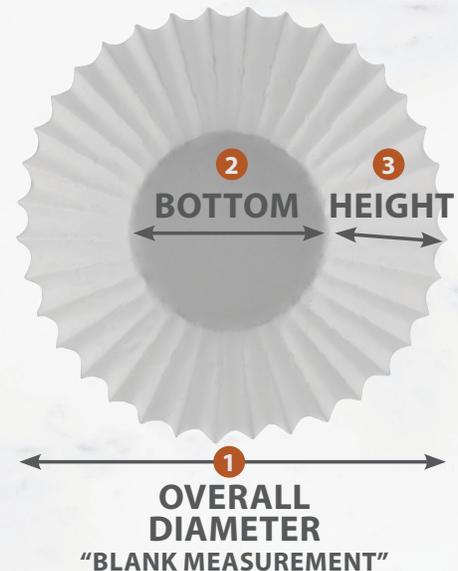

Can be found by flattening the cup and measuring the complete width.

2 BOTTOM DIAMETER

Can be found by measuring the bottom of the cup. *(Note: bottom diameter can be measured with or without flattening the sides)*

3 HEIGHT

Can be found by measuring a side, or wall, of the baking cup.

TO DETERMINE ACCURATE MEASUREMENT FOR YOUR LOAF LINER & ECLAIR CASE, MEASURE:

1 BASE LENGTH:

Can be found by measuring the bottom length of the liner. *(Note: base measurement can be measured with or without flattening the sides)*

2 BASE WIDTH:

Can be found by measuring the bottom width of the liner. *(Note: base measurement can be measured with or without flattening the sides)*

3 HEIGHT:

Can be found by measuring a side, or wall, of the liner.

4 OVERALL LENGTH "BLANK LENGTH":

Can be found by flattening the liner and measuring the complete length of the liner.

5 OVERALL WIDTH "BLANK WIDTH":

Can be found by flattening the liner and measuring the complete width of the liner.
