

BuffetBoost Lithium-Ion Battery

At the core of the BuffetBoost Collection is our high-performance lithium-ion battery, designed for compatibility across all BuffetBoost products. The assortment includes versatile charging and power accessories that simplify setup and mobility—from buildable charging trays to the flexible PowerPack (sold separately on pg. 165). Wherever your culinary vision travels, the BuffetBoost Battery keeps the energy flowing.

BWBAT 7 1/2" L x 3 1/2" W x 1 3/4" H
(19.1 x 8.9 x 4.4 cm)

BuffetBoost Charging Tray

Keep your BuffetBoost setup fully charged and ready to go with the BuffetBoost Charging Tray. Designed to charge up to six batteries simultaneously, this charging tray features individual bays with LED indicators so you can easily track each battery's status. With an on/off switch and a compact footprint, it charges all six batteries in under four hours making it a quick, efficient power solution. Buildable up to four levels high with a 20-amp outlet or three levels with a 15-amp outlet (each tray sold separately). To be used with the BuffetBoost Lithium-Ion Battery (sold separately).

UNPLUG AND TURN UP THE HEAT WITH THE BUFFETBOOST LUMALAMP

Illuminate your culinary display with warmth and style. The BuffetBoost LumaLamp combines elegant design with powerful performance, delivering precise, consistent heat for every presentation. Use the included AC adapter/charger for continuous operation, or switch to our rechargeable lithium-ion batteries (sold separately) for cordless service. With its sleek silhouette and dual power flexibility, LumaLamp transforms any buffet or event into a radiant, professional display.

BuffetBoost LumaLamp  

Elevate your buffet presentation with the versatile BuffetBoost LumaLamp. Its sleek black metal design, flexible serpentine arm, and swivel lampshade let you direct heat exactly where it's needed, while the weighted base provides reliable stability for freestanding use. Equipped with two 70W shatterproof halogen bulbs, LumaLamp delivers fast, consistent heat and a warm glow to showcase your culinary creations. Operate via the included AC adapter or with the portable BuffetBoost Lithium-Ion Battery, and extend run time by connecting to the PowerPack (each sold separately). Durable, stylish, and performance-driven, LumaLamp is a professional, portable solution for any buffet setup.

BuffetBoost PowerPack  

Extend your power and elevate your setup with the BuffetBoost PowerPack. It holds two lithium-ion batteries (BWBAT, sold separately) and connects to the LumaLamp for longer, flexible operation. Its sleek black metal design also works as a riser, keeping your buffet organized and polished—boosting both performance and presentation.

BBPP Holds (2) BWBAT Batteries
10 1/4" L x 8 3/4" W x 2" H
(26 x 22.2 x 5.1 cm)
(Note: Does not charge batteries)

Certificates:   

BBPPW Replacement Connection Wire for BBPP

HOW IT WORKS

- Can be used with AC adapter for continuous heat or with the BuffetBoost Lithium-Ion Battery and PowerPack for portable heat.
- Effectively keeps food warm for up to 4 1/2 hours.*
- Adjustable arm lets you concentrate heat for sizzling, crispy results at lower heights, or provide broad warmth at higher heights.
- Swiveling rectangular shade directs heat for optimal coverage across any serving vessel.
- Charges removable battery in less than 2 hours.

*When used with the PowerPack (BBPP). Runtime without PowerPack is approximately 1 1/2 hours. Results may vary.
