Professional Performance & Fresh Flavor in a Compact Cordless Design

One mill. Interchangeable pods. Fresh flavor at the exact moment it's needed. Easily reduces waste, ensures consistency, and elevates every dish, drink and service.

- **Simplified Creativity:** Grind or grate a wide range of spices and ingredients for bold new flavors and toppings.
- **Reduced Waste:** Fresh, clean, & efficient dispensing that minimizes waste and maximizes efficiency.
- **Customize Output:** Dual-speed control handles delicate and robust ingredients with ease.
- **Durability & Practicality:** Built for professional spaces, easy to clean and maintain and ready for service with a 2.5hr charge.

Change pods in seconds and grind or grate on demand. Easy to clean and simple to organize, FinaMill gives operators instant access to a wide variety of ingredients while maintaining fresh, consistent and efficient professional service
