

Combining world-class reliability with innovative technology and programmability, Wascomat washers and dryers are designed to increase profits, lower utility costs, and eliminate laundry headaches. **Wascomat makes it easy and affordable to upgrade your laundry!**

Pushing the boundaries of innovation and design

First introduced to North America over 60 years ago, the classic Wascomat remains eternally modern. Known as the original workhorse of the commercial laundry industry, Wascomat products are built to the highest standards by combining professional grade construction with cutting edge technology.

- **Easy to use and simple to maintain**
- **Designed for long life, value, quality, and BIG energy and water savings**
- **Select models equipped with Compass Pro for unmatched program flexibility, time-of-day pricing, and much more**
- **Genuine quality and heritage of exceptional performance**
- **Products backed by exceptional customer support**

Wascomat Commercial Vended Washers

Greatest flexibility and customization with Compass Pro (optional upgrade)

- Real-time clock for time-of-day and happy hour pricing
- Multi-language menu selection
- Easy to customize and simple to use
- Revenue generating option buttons

Significant cost reduction in water and energy with Automatic Savings (AS)

- Determines load weight and adds precisely the correct amount of water
- Up to 50% water savings for half loads
- Reduces water and energy consumption for significant savings on utility bills

Extended lifetime with Super Balance™ and Power Balance technology

- Lower maintenance costs
- Less vibration
- Maximum water extraction
- Lower energy costs

Innovative Text Messaging capability (optional upgrade)

- Customers can receive a text message when their load is finished
- Creates a unique laundry experience and saves customers valuable time
- Simple to use and creates customer loyalty

Built tough for outstanding performance year after year

- Heavy-duty bearings with three seals and sealed drain for professional use
- Robust steel door and lock mechanism
- Designed for easy service

Sanitizing Rinse option gives customers added peace of mind

- Sanitize the drum prior to washing laundry
- Builds customer loyalty and trust
- Can be programmed for an additional upcharge to create more revenue

Wascomat Commercial Vended Dryers

Dry 12% faster using 25% less gas with tighter construction and axial airflow

- More efficient airflow and extremely low energy usage
- Increases throughput so you can serve more customers
- Customers appreciate the time savings

Finish maintenance faster with the industry's best lint drawer

- Best ergonomic construction
- Easy to clean lint screen – one swipe and you're done
- Built tough to handle the harsh commercial laundry environment

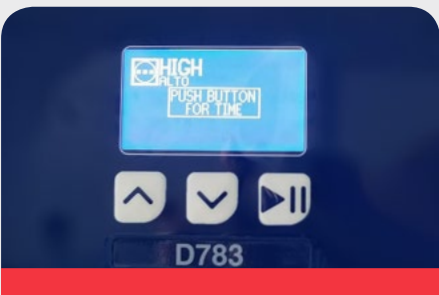

Longer lifetime and silent operation with innovative Support Rollers

- Improves drum stability and extends the life of components
- Double sealed bearings and belt drive
- Wascomat dryers are designed to keep noise level below 70 dB (A)

Unsurpassed control of temperatures with Compass Pro (stack dryers)

- 4 temperature settings
- Displays remaining drying time
- Coin, token, debit card compatible
- Complete diagnostics and service mode
- Top Exhaust Kit (optional)

Ultimate customer experience with Compass Pro (single-pocket dryers)

- Large display for easy program selection
- Easy to program, easy access to USB
- Language selection — displays two languages at one time

Time and energy savings with Reversing Drum (optional upgrade)

- Prevents tangling and wrinkling
- Dries faster, saving energy
- Customers can complete their laundry faster, freeing up machines

“The laundry environment is a very demanding one. But thankfully year after year my Wascomat washers perform, giving my customers a superior wash experience — and saving me money on my utility bills.”

**—Steve Mendez
Señor Bubbles Laundromat
Ocala, FL**

Ready to take your laundry business to the next level?

Minimizing costs while maximizing revenue is a top priority. The smartest way to do this is by monitoring how your machines are used, so you can respond in real time, keeping profits as high as possible. LaundryPulse is our new cloud-based management tool giving owners access to powerful remote functions and detailed analytic reports via Internet-connected devices running Windows operating system.

LaundryPulse lets you manage your business from anywhere at any time – 24/7. It gives you the ability to see real-time revenue reports, adjust pricing, create promotional campaigns, and more. Contact us today for a demonstration of how this powerful technology can help you outsmart your competition.
