

REAL INGREDIENTS, NO MISHMASH

GET A LOAD OF DIS

mish-mash (noun)

The awful squishy stuff that you see in other burritos that tells you it's processed into goo.

QUALITY THAT SPEAKS FOR ITSELF

DIS DIFFERENCE IS BIG

We use only premium ingredients, locally sourced whenever possible, to ensure superior flavor while still following all USDA and FDA regulations. Every burrito has a precise flavor profile, and is hand-crafted and hand-rolled, so you can see and taste each carefully chosen ingredient—because real food is made with love.

We use 100% real pasture-raised eggs or an unbeatable vegan substitute, high quality animal or plant-based proteins proportioned into each bite, Hatch green chiles, real cheddar/jack cheese blend or a dairy-free cheese alternative, and fresh russet potatoes that are perfectly roasted for flavor not filler.

SOMETHING FOR EVERYONE

THE LEGENDARY FLAVOR LINEUP
