

Fellowes Array™ Signal & Lookout

Array™ Signal Features:

- Our Signal monitoring device provides additional IAQ monitoring as part of your overall Array™ remediation network of air purifiers, or it can operate without connected air purifiers as a standalone IAQ monitor
- Our integrated suite of indoor air quality (IAQ) sensors includes particulates (PM10, PM2.5), temperature, humidity (rH), carbon dioxide (CO2), pressure, and TVOCs
- Access to the Array™ Viewpoint cloud-based dashboard, designed to give users comprehensive visibility into their building's air quality, is included at no charge. All units connect through building-wide, secure LTE
- Signal can operate without connected Array™ air purifiers in a standalone monitoring implementation
- Sleek design to integrate into your building, offered in both wall mount and desktop options
- Designed and engineered for long term use backed with 3-year warranty

Array™ Lookout Features:

- With Lookout, you can control Array™ units assigned to a designated area
- Shows precise air quality status and filtration progress provides local control to units in a designated zone
- Quiet button – puts all units in the same room into quiet mode
- Wallmount or Stand options
- Designed and engineered for long term use backed with 3-year warranty

The Full Networked Air Quality System

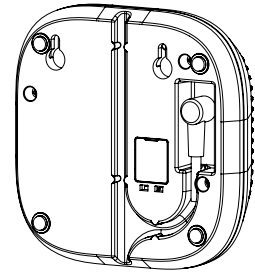

Fellowes Array™ Signal

Technical Specifications*	
Power Requirements	AC120V/60Hz/1.58W
IoT Connectivity	LTE
Actual cable length	6ft/72in
Hardware	Power adapter 2x #6-32 screws 2x drywall anchors
Warranty	3-Year Limited

Signal

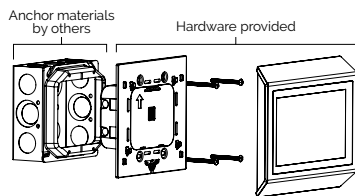

Electrical connection and mounting locations on the bottom

Code	Dimensions (in) (L x W x H)	Weight (lbs.)	Color
5885401	4.2 x 4.2 x 1.7	0.88	White

Fellowes Array™ Lookout

Lookout Wall

Lookout Stand

Able to mount to wall surfaces

Code	Dimensions (in) (L x W x H)	Weight (lbs.)	Color
5885901	7.0 x 4.0 x 1.0	1.86	White

Code	Dimensions (in) (L x W x H)	Weight (lbs.)	Color
5885801	7.0 x 4.0 x 1.0	1.17	White

Technical Specifications*	
Power Requirements	AC120V/60Hz
IoT Connectivity	LTE
Hardware	Wall installation Removal tool 4x #6-32 x 1.5in machine screws
Warranty	3-Year Limited

Technical Specifications*	
Power Requirements	AC120V/60Hz
IoT Connectivity	LTE
Actual cable length	70in
Hardware	Power adapter, 6ft cable 2x #6-32 screws 2x drywall anchors
Warranty	3-Year Limited
