BACKYARD GRILLS

Roll Top Backyard Grill 2430

Our **Roll Top Backyard Grills** are perfect for backyard cookouts, country club steak fries, and for those die hard tail gaters. These units are made to last, with even heat distribution. The **Roll Top Backyard Grills** are for any smaller outdoor grilling event. These Grills make it easy for the Amateur to grill like a Pro.

Door up with warming grate

RTG 2430 • RTG 2430SS (NFS)

Roll Top Rotisserie 3630

The **Roll Top Rotisserie Grill** is the “Boss’s Choice.” This unit is thermostatically controlled, with four baskets on a rotisserie, so whatever is grilled, roasted, or smoked will be mouth-watering delicious each time. With the design of the baskets the products cooked will be self-basted.

You can turn the thermostat to 500 degrees to grill those burgers or steaks, or set it at 200 degrees and use the smoker box to smoke pork loins or ribs. Making this the most versatile unit for the backyard BBQ enthusiast, great for small restaurants, caterers, or concession stands.

RTR 3630 • RTR 3630SS (NFS)

Iowa Sheep Producers at Iowa State Fair roasting leg of lamb

RTR3630 Roll Top Rotisserie

4830G

Our smallest Rotisserie grill – Great for the barbeque enthusiast that likes to smoke with a rotisserie and have all the grill features too.

A little to large for just the family, but great for the Family Reunion or the caterer to offer a luau with small roasted pig on site. This unit can be made in gas or charcoal. Constructed in black iron or stainless steel. It can be easily pushed around on the 10-inch tires.

This grill gives you all the features of our standard towable grills, just not as mobile.

4830G • 4830GSS (NFS)

Cooking Area: 10 sq. ft. **Cooking Grate:** 48” L x 30” W **Weight:** 640# **BTU's:** 160,000

- Two 10” tires
- Includes standard trailer mounted grill features, excluding features relating to towing
- Optional: natural gas
- Optional: stainless steel

Front shelf: 8" W x 45" L

Removable basket rack holder

Holstein Manufacturing is a family run business, that has been in the industry for over 40 years. Our commitment to quality and dedication to customer service is evident in every piece of equipment we make. Our goal is to meet and exceed all of our customer's expectations through the development of quality barbecue and trailer equipment.

In 1975, there was a need to cook a whole hog for our town's fund raiser to save a local Landmark, Turner Hall. The unit we used didn't work very well so we designed and built our own.

Our Beginning

From there three friends and neighbors started building the grills (Today's Model 7240G and 7240C) in a building in Holstein, Iowa. The first grill was sold in 1976.

In 1978 a building was put up on our family farm, where the company operates from today.

In the 70's and 80's, we were active with the Iowa Pork Producers and the Iowa Cattleman's groups to promote the products we were producing. Our company is strongly based in the Agriculture Industry.

Our company grew as we promoted our products at Fairs, International and National conventions and shows. The product line grew as the needs of our customers grew.

Products like our Chicken and Rib Cookers, Deep Fat Fryer, and the Corn Roasters were all designed with our customers needs in mind. But out of the needs of our customers, both locally and nationally, we manufacture all kinds of animal feeding and handling equipment, wood stoves, stock trailers, 5th wheel trailers, concession trailers, dunk stands, HiLo trailers, motorcycle- snowmobile trailers, and even produced a Barbeque Sauce for awhile.

Today we take pride in our Stainless Steel products that have been NSF approved.

Our products are built to last and to produce the highest quality in the food industry. We now can design and cut all of our parts and parts for other manufacturers with our laser.

We have equipment in all fifty states and many countries such as: Australia, Canada, England, France, Germany, Iceland, Japan, Russia, and Saudi Arabia to just name a few.
