

Bentley™ Pro

Speed Wand

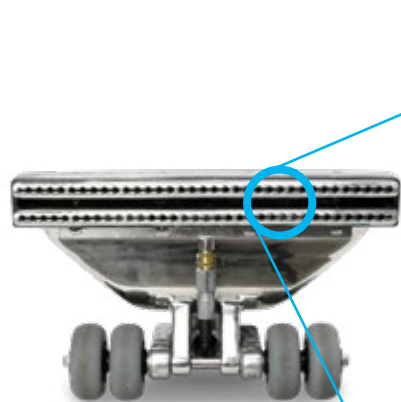

Model 8314SW

Time is Money... so we built a wand that will save you both! The Bentley™ Pro Speed Wand's ergonomic rolling design helps to easily speed through big jobs with minimal fatigue, while its two-way cleaning head makes the absolute most of every stroke!

Bentley™ Pro Features:

- **NEW Patent Pending Lo-Pro Spray Jet** combines the downward spray angle of a flood jet with the force of a V-jet, **breaking the surface tension of the carpet and cleaning deeper.**
- Ergonomic design squares your shoulders, meaning **less strain on your back.**
- Fully enclosed cleaning chamber ensures **no heat or pressure is wasted** and there's **no overspray.**
- **Patented positive ventilated dual glides** provide maximum recovery.
- **No need for any wheel adjustment.**
- **Viewing window and see-thru elbow** allow you and your client to see just how much dirt and grime is being picked up.

New Patent Pending Lo-Pro Spray Jet combines the downward spray angle of a flood jet with the force of a V-jet, **breaking the surface tension of the carpet and cleaning deeper.**

Head always has even contact with the carpet **without the need to adjust the wheels.**
